

DENHAM BAY WILDERNESS RETREAT SPRING 2023 NEWSLETTER

We are excited to welcome you and your family/friends this season. We are extremely pleased that our Managers, Joe, and Claudia Hancock are back to host your stay this season. Do not hesitate to get in touch with them directly at: (250) 883-9415 or (250) 661-0043 or email dbmanagers@denhambay.com.

Monica and I just enjoyed the May long weekend at the retreat with our family. Every morning when we asked our boys what they wanted to do: they would unanimously reply, FISHING. We enjoyed a great feast of ling cod, salmon, crabs, and prawns. Dessert was followed with a campfire and smores.

If you are interested in hiring a fishing guide this season, please inform Joe or Claudia as soon as possible – it's going to be a very busy season. Many fishing guides in the area are already fully booked. We don't want our guest to be disappointed.

Our crew has been busy this winter with upgrades to our cabins to enhance your stay with us. Each cabin has a fresh coat of paint and new flooring. We are also in the process of completing a self contained one bedroom suite on the lower floor of the lodge. It will be available as soon as it is completed, please contact dbmanagers@denhambay.com for reservations.

The standing pier has been rebuilt and we are excited for you to enjoy our new wide ramp. This will allow us to use the ATV and wagon to help with moving supplies. It also provides easier access for our guest with mobility issues. We have also acquired (2) new wharves for our mooring guest.

To achieve our goal of existing harmoniously with the wildlife in the area, we are requesting that our guests practise **PACK IT IN – PACK IT OUT**. We know that will not always be possible and we will do our best to accommodate you.

We are providing compost bags for all food waste. You can freeze them until your departure. This is going to deter rodent population as well as martin and otter from accessing the site.

We are providing bins to make it easy for you to separate your trash: All bins are clearly marked. Burnable items will be looked after on site.

We are an off the grid retreat – we need your understanding and cooperation to keep our retreat pristine and keep wildlife safe.

We hope that you will enjoy your stay here at Denham Bay Wilderness Retreat. If there is anything we can do to make your visit extra special don't hesitate to speak with Joe or Claudia and they will assist you.

All the best, Safe travels this season Into the Wild.

The Peterson Family,
Ryan, Monica, Joseph, Liam, Tomas, and Indy
